INVESTMENT HIGHLIGHTS

- **Distinctive Swiss International Boarding School** - a premium educational offering, attractive campus environment and strong reputation among both local and international families.
- **Strategic Transformation Completed** - The OpCo/PropCo separation has created a focused, transparent, and scalable operating platform, with a modernised campus already in place to support a growing student population
- **Significant Embedded Growth Potential** - with total licensed capacity of 230 students (including 80 boarding places), the School operates meaningfully below capacity; given its largely fixed cost based, incremental enrolment converts at high margin, offering a clear path to earnings expansion.
